Therefore, we believe another useful fraud prevention measure would be providing individuals performing environmental testing with appropriate contacts to report possible misconduct (e. g. , OIG Hotline). Suggestion-Pursue and publicize all means of providing individuals performing environmental testing with appropriate contacts to report possible misconduct (One example is the OIG Hotline pocketcard which lists contacts for reporting fraud.). Automated QA Tools A key element in the effective oversight of laboratory data is the evaluation of analytical results through data screening or validation. During our review, we learned about various automated data processing tools that have been, or are being, developed. The applicability of these tools varies by the level of automation of the analytical procedure. One such tool developed for the Superfund program is Computer-Aided Data Review and Evaluation (CADRE). This software is only applicable to electronic data deliverables (EDD) reported by a CLP or CLP-equivalent program. In our September 1995 audit report on EPA oversight of federal facility data quality assurance, we encouraged EPA to adopt...
