The collection of T. L. Allen s books on the achievements of Blacks in America taught me about the triumphs of so many untold heroes of Black in America. It is inspiring to know that many families will benefit from the comprehensive research that T. L. Allen performed to put together a work of this magnitude for the world to view. Reviewed by C.J. Wilson As a parent, I am was thrilled to add T. L. Allen s Commemorative Edition Series to my home s library, as much of the history of African Americans is not taught in the schools The author did a great, thorough documenting a long list of remarkable achievements that will help young people develop a sound foundation and respect for the achievement of their forefathers. Reviewed by Linda Taliaferro These books are definitive guides of the African American experience in America across a wide spectrum of fields. The books are refreshing with stories of the academic achievement, life experiences, and the impact on the history of Blacks in America. Schools and Libraries across the country have given these books excellent reviews.
