You will survive for three weeks, two days, and seventeen hours. Supervillains crave power above all else, but something stands between them and their ultimate goal. That something is someone - an insignificant reporter-turned-police consultant named Floyd. For months they ignored him, dismissed him, and generally pretended he didn't exist. But now they're through playing games, and they've banded together to eliminate him. Floyd wakes up alone, in the dark, with no memory of what has happened. As he tries to explore his surroundings he quickly discovers that he isn't alone as he first thought. A malevolent presence is toying with him; altering his thoughts, emotions, and will. As the rules of the game become clear Floyd realizes that, win or lose, he's going to die.
