How could little children organize this ghoulish-scout troop known as the Skull Club? What hypnotic power did the young Green Skull use to psychologically subject his peers? This book rips away the veil to expose the alarming effects of childhood monster worship. See the unwholesome drawings of Red Skeleton, Green Skull, Blue Cougar Bones, et al. Recoil from the journals of Green Skull including his disturbing murderous rat fantasies. Cringe at the appalling Skull Club visions, secret identities, awful ideas, fearful musings and other terrifying tropes of tots. Even adults have been powerless to resist the insidious charm of the Skull Club with its mysterious rites. What malignant force could possess these youths to make such morbid machinations? You may find the answers only after it's too late!
