Condition: Neu. 211x148x5 mm. Neuware - Seminar paper from the year 2013 in the subject Politics - International Politics - Topic: Globalization, Political Economics, grade: A, National Institute of Development Administration (Graduate School of Public Administration), course: Development Administration and Globalisation, language: English, comment: In this paper, there is an attempt to assess factors that pose as impediments to the creation of an effective regional block to maximize some of the benefits embedded in integrating regional economies to foster development in West Africa. , abstract: In this paper, there is an attempt to assess factors that pose as impediments to the creation of an effective regional block to maximize some of the benefits embedded in integrating regional economies to foster development in West Africa. For the past four decades, West Africa has been experimenting regional economic integration but progress has been slow and without significant results. Thus, there is a need for a more favorable environment for overall trade. The potential of ECOWAS in exploiting economies of scale and enhancing competition has been limited by a number of impediments such as trans-border movement, lack of monetary union, political divide especially with francophone...
