

Towards a Better Global Economy: Policy Implications for Citizens Worldwide in the 21st Century (Hardback)

By Nippon Life Professor of Finance and Economics Franklin Allen, Professor Jere R Behrman, Senior Associate and Director Economic Reform Project Global Policy Program Nancy Birdsall

Oxford University Press, United Kingdom, 2014. Hardback. Book Condition: New. 236 x 164 mm. Language: English . Brand New Book. Substantial progress in the fight against extreme poverty was made in the last two decades. But the slowdown in global economic growth and significant increases in income inequality in many developed and developing countries raise serious concerns about the continuation of this trend into the 21st century. The time has come to seriously think about how improvements in official global governance, coupled with and reinforced by rising activism of global citizens can lead to welfare-enhancing and more equitable results for global citizens through better national and international policies. This book examines the factors that are most likely to facilitate the process of beneficial economic growth in low-, middle-, and high-income countries. It examines past, present, and future economic growth; demographic changes; the hyperglobalization of trade; the effect of finance on growth; climate change and resource depletion; and the sense of global citizenship and the need for global governance in order to draw longer-term implications, identify policy options for improving the lives of average citizens around the world, and make the case for the need to confront new challenges with truly...
