

Small Business Financial Statements: What They Are, How to Understand Them, and How to Use Them (Paperback)

Filesize: 9.61 MB

Reviews

An extremely wonderful book with perfect and lucid information. This can be for all those who statte there had not been a really worth reading through. Its been written in an exceptionally easy way and it is only after i finished reading this ebook in which actually modified me, alter the way i really believe.

(Kaelyn Reichel)

SMALL BUSINESS FINANCIAL STATEMENTS: WHAT THEY ARE, HOW TO UNDERSTAND THEM, AND HOW TO USE THEM (PAPERBACK)

Createspace, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.If you are one of the 6.5 million people starting a new business this year, and you are not familiar with the importance of financial statements-this book is for you. This book is different because it is directed specifically at aspiring entrepreneurs and new business owners-the folks who may be struggling to understand the value and use of financial statements in their business. To many budding entrepreneurs, the use of financial statements is a mystery-in spite of all forms of dissertations presented by accountants, MBAs, and academicians. Foster is a successful entrepreneur and CEO who wrote this book to remove some of the shrouds of mystery surrounding small business financial statements . their use and their value. With this book you will be able to: Discover the importance of good accounting practices. Learn the basic concept of financial statements. Turn financial statements into a useful management tool. Analyze your small business cash flow. Learn about financial statement audits. And much more. All of this is from the entrepreneur's point of view-not from the accountant's or academician's lofty views. This book is one of Foster's Small Business Primer Series, where a Primer is defined as any book of elementary principles.
